

# Eat Fresh, Buy Local

Every Saturday till Midday  
from 1 September 2012

We're trialing new market hours from midnight to midday on Saturdays for three months. Over the next eight weeks we're working hard to get the best and most exciting stalls ensuring an exciting market destination for breakfast, brunch, meeting friends and learning about food!

We're looking for the best local breads, cheeses and boutique produce to stimulate the palette and make cooking and eating fun! Watch this space for our Grand Opening in October!

## STALLS INCLUDE:

Quesadillas and Mexican food, pork buns, kebabs, outstanding coffee, French pastries, breads, fresh meats and fish, seasonal vegetables, fantastic fruit and lots more!
